The exemption form HAS to be filed with the Assessor's office by February 10th. Please call the assessor's office if you have any questions as to if you qualify for the Exemption. Taxes are due July 1 and December 1.

Business Registration

In the event of an emergency, contact information needs to be on file with the Fire and Police Departments. This is done through Business Registration. Registration is required before relocating, opening, or the transfer of ownership. This also verifies compliance with Zoning and Fire Codes.

Permits

Zoning - Staff in the Planning and Zoning Department are available to help new businesses find locations for their business. Before purchasing or leasing a building the business owner should verify that Zoning allows the business at that location (even if a business is currently or previously has been permitted at that location).

Historic District Requirements

Historic Downtown Manistee has the distinction of being listed on the National Register of Historic Places. Please check to see if your building is in the district and if any permits are required.

Signs – Signs are an important part of operating a business. Prior to purchasing a sign the business owner should check to find out if a permit is required and if there are size requirements or any limitations for the proposed sign.
